

Welcome to the FAME newsletter

As the year comes to a close, we want to extend our sincere appreciation for the invaluable collaboration we've shared with you. Your support has been crucial in making 2023 a year of shared successes!

Looking ahead, we're excited to continue working with all of you, creating more innovative solutions and driving positive change in the Cooperative, Connected and Automated Mobility sector for a smarter and more sustainable future.

We're thrilled to announce the upcoming [EUCAD Symposium](#) planned for 18-19 April 2024, where we'll delve deeper into the frontiers of innovation. Stakeholders in automotive and telecom industries, researchers, user associations, road and transport operators, regulators, public authorities, representatives from the European institutions, and Member States inside and outside Europe, will also have the chance to gain insights into European Research and Innovation activities focused on CCAM.

Wishing you and your loved ones a joyous holiday season and a prosperous New Year!

We will be back in January 2024 with more engaging content for you, but in the meantime, enjoy the latest news & events and CAD VIP Blog article!

The FAME Consortium is excited to present you with the latest contribution to the [Knowledge Base VIP Blog!](#)

"The crucial role of Public Transport Operators in the successful deployment of CCAM"

By Dr Henriette Cornet, CCAM Thematic Area Leader, [UITP](#)
